

Kybato Quick Change®

The Quick Change for Truck Bodies

Endorsements

- We have found these kits to be very satisfactory as well as they have saved Ouray County from buying an additional truck which would be seldom used.
- We have found the Kybato Quick Change Kit to be a very valuable product and recommend it highly. The primary benefit was to enable me to change from a dump box to a fifth wheel, therefore maximizing the use of our county trucks (Mesa County)
- The Kybato Kit has worked satisfactory for us; therefore, we would recommend them for everyone. We believe that in this day of strained resources it is important that we keep a minimum of trucks sitting idle and a maximum number of trucks on the road (Montrose County)

Every once in a while a product comes along that is well designed, reliable and simple. The **Kybato Quick Change** patented wedge system (U.S. Patent # 4456414) was designed and engineered from the ground up to do one thing: **save you time & money**

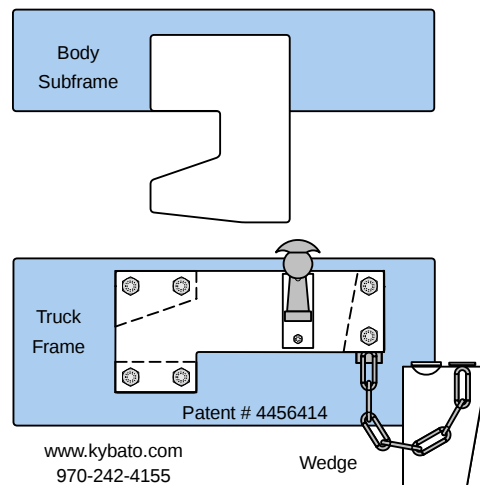

Simply set body on - slide forward - insert wedges - secure rubber latch

Reduce Operating Overhead

- Reduce the number of required Trucks
- Lower your Taxes
- Cut Fleet Depreciation
- Decrease Maintenance expenses
- Cut Insurance cost
- Operate with a newer Fleet
- Keep the same driver with the same unit

Increase Income

- Move from single use Trucks . . . to a Multi use Fleet
- Reduce or eliminate Trucks that are sitting idle
- Keep your Fleet working and on the payroll
- All Trucks can be used for many different tasks or jobs

Save Time & Money: Change bodies in **less than 10 minutes** by using the field proven & widely accepted patented Kybato Quick Change
