## The Quick Change for Truck Bodies

### Endorsements

We have found these kits to be very satisfactory as well as they have saved Ouray County from buying an additional truck which would be seldom used.

We found the Kybato Quick Change Kit to be a very valuable product and recommend it highly. The primary benefit was to enable me to change from a dump box to a fifth wheel, therefore maximizing the use of our county trucks (Mesa County)

The Kybato Kit has worked satisfactory for us; therefore, we would recommend them for everyone. We believe that in this day of strained resources it is important that we keep a minimum of trucks sitting idle and a maximum number of trucks on the road (Montrose County)
